1. Rational
Narromine High School values the importance of sport as part of a well-rounded curriculum. To ensure a reasonable balance between the time spent between academic and sporting pursuits, the following policy will be implemented for Year 12, 2010.

2. Scope
This policy pertains to all students enrolled in a HSC course at Narromine High School.

3. Policy Statement
- HSC students may choose **THREE** sports in which to participate. This means that if they choose Rugby League they may enter as many competitions as offered in that sport. This may result in them being absent from school on a number of days. They will then be entitled to choose two further sports in which to participate. There is no limit to the number of days they may be absent for with any one sport.

- A student who has maintained an attendance rate of 85%, is up to date with class work and assessment tasks, and has participated in more than three sports, may seek permission to participate in as many extra sports as they wish by writing a letter to the Principal. The student should submit their request for each additional sport at least two weeks before first game/event. A final decision will be made at the next executive meeting following receipt of the letter. A reply will be provided to the student within 48 hours of the meeting.

- Team coaches are required to check students are eligible to play, in accordance with this policy before giving them permission to represent the school.

- Students who go to a fourth sport without permission will be banned from any further representative sport, including Davidson Shield, for the remainder of year and will be placed on step 2.

- This policy includes CHS teams, regional representation (swimming and athletics etc.) inter-school competitions and games played at school.

- Head Teacher of Sport will oversee the sport coordinator in updating the spreadsheet and ensuring accurate and up to date records are kept.
